

Lancaster General College of Nursing & Health Sciences

General Education Requirements by Major

Major requirements are highlighted in green. Yellow highlighting indicates the student must choose one of the courses in the subject area. Courses not taken to fulfill the requirement, and any other non-required course, may be taken as electives. The number of asterisks next to program name indicates number of elective courses required by the major.

Course	Credits	Cardiovascular Invasive Specialty**	Diagnostic Medical Sonography*	Nursing	Radiography*	Surgical Technology***
