

LANCASTER GENERAL COLLEGE OF NURSING AND HEALTH SCIENCES

**College Health Services
Refusal of Hepatitis B Waiver**

Students who attend the Lancaster General College of Nursing and Health Sciences are required to have (3) Hepatitis B immunizations provided by their personal health care provider. Any student who chooses to not have the immunizations is required to sign this waiver.

I understand that health care personnel who are exposed to blood or body fluids of patients are at risk of acquiring the Hepatitis B Virus (HBV) infection, which can cause serious illness. I understand that due to my educational responsibilities, I may be at risk for acquiring the HBV infection.

I have chosen to not obtain the Hepatitis B inoculation series. I understand that by not receiving the vaccine, I am at risk of acquiring Hepatitis B.
