[National Library of Medicine](#) Recommended Formats for Bibliographic Citation.

○ Formatting Programs

These programs will electronically convert your sources to the selected format. Please note, these programs are only as good as the data inputted into them. They will not correct misspellings, formatting errors and so forth.

We recommend that you check with your instructor regarding formatting preferences. Additionally, we recommend that you consult the appropriate style manuals to confirm accuracy of citations.

Sourceaid.com Citation builder

[Citation Machine](#)

[CiteULike](#) is a free service to help academics to share, store, and organize the academic papers they are reading. When you see a paper on the web that interests you, you can click one button and have it added to your personal library.

[Zotero](#) [zoh-TAIR-oh] is a free, easy-to-use Firefox extension to help you collect, manage, cite, and share your research sources. It lives right where you do your work—in the web browser itself.
